# Top Ten Accounting Software Products Seminar

**You and your team are cordially invited to attend  
Top Ten Accounting Software Products Seminar**

**CompuSystems brings you a live demonstration of the top 10 mid-market accounting software packages by J. Carlton Collins, CPA, [accountingsoftwareadvisor.com](http://accountingsoftwareadvisor.com). Collins is a nationally recognized presenter of software packages and the author of *Guide to Installing Accounting Software Systems* and articles in the *Journal of Accountancy*, *LAN Magazine* and *Accounting Today*. Among his accolades, Collins was named one of the "Top Ten CPA Technologists" by *Accounting Technologies Magazine*. He has installed accounting systems for more than 200 companies and has delivered 1,500+ technology lectures worldwide. Since he does not sell software, you get an objective, independent overview of the accounting packages.**
